Dear Valued Customer,

we would like to inform you that we will discontinue our gyroscope BMG250 from **December 2021** onwards.

In accordance with the JEDEC Standard J-STD-048 we would like to ask you to consider the following schedules:

1	Official discontinuation announcement	December 1st 2021
2	Last order acceptance	June 1st 2022
3	Last shipment ex-factory	December 1st 2022

Please note that due to the worldwide supply constraints, the order volume per month is restricted and that we cannot fulfil all demands. We will continue to actively monitor the situation and will attempt to supply as much of your needs as possible depending on the allocated production resources. Please contact our Sales Managers in your region for appropriate alternatives to the BMG250 as well as our latest product roadmap. Thank you for your continued understanding.

Yours sincerely
